Old Business/ Standing Items			
New Business	<ul style="list-style-type: none"> ● Transition from CDC/NHSN elements for hospitals to HHS elements All data is migrating through teletrack vendor, Juvare is doing the initial data entry and then passing through teletrack. Working with Juvare to see if we can bypass teletrack and go straight into HHS. ● HHS Transition progress for hospitals ● LTC Status into NHSN – Error reports and reporting compliance Damon reviewed reports with group. <ul style="list-style-type: none"> ○ Data passthrough ○ Reporting accuracy (cumulative versus snapshot in time) ○ How to run a trend report ● Peds board The statewide pediatric view instead of having it be an event. You can look at this to see what hospitals have available. ● Psychiatric board ● Juvare and Biospatial ● EMTrack issues/concerns EMTrack is being used daily throughout the region. Messaging between hospital and EMS not being used very often. Mobile app allows pictures to be attached. 		

	<ul style="list-style-type: none"> • eICS Discussed using eICS. Spectrum is using for all events. Discussed how the reports work coming out of it.
