Public Comment			
Old Business/ Standing Items	<ol style="list-style-type: none"> Review of BP2 Education Plan <ul style="list-style-type: none"> -ICS 300 is going virtual, will get dates out to the coalition. ICS 400 will also be going virtual. Luke will plug these into the schedule. -Discussed MGT-318, instead of putting this on possibly do a seminar with all the facilities PIOs. -EMTrack training will be developed in house. -EMResource training will be developed in house. -HERT, need to check in with Ken Shawl to see how this is going to look for BP2. -Currently do not have a plan to do bleeding control virtually, will keep on to see if we are able to do small in person classes at some point this year. -eICS training and refresher -EMPower, this will be a presentation on what it is with all regional partners. -BDLS is going to be done virtually, tentative initial date scheduled for October 23rd. This class will cost money. Group supported this. 		

	<p>-ADLS, we do not have an official plan on how we will do this right now. Tentatively scheduled for sometime in February if we are able to host in person.</p> <p>-Active Assailant for Healthcare Facilities, hoping to get these back on the schedule</p> <p>-COOP, discussed possibly doing a train the trainer so we can get additional instructors in the area. Currently no classes scheduled so we need to figure out how to move forward with this. Could do a COOP seminar instead of class if we can't get official class put on. Karla will work with Luke on this.</p> <p>-CHECC 1 and 2, looking to try to do virtual for these, goal would to have these in January.</p> <p>-800 MHz train the trainer, Lance is going to follow up with more information on this.</p> <p>a. Prioritization</p>		
<p>New Business</p>	<ol style="list-style-type: none"> 1. Virtual Education Ideas Discussion took place on getting speakers to do a virtual seminar on scarce resources. The goal would to get speakers who would do this without charging a fee. 2. ACS Project Update We will be using Montcalm Community College starting on September 21st through September 25th to set up an ACS that partners can do a walk through to give recommendations of changes that need to be made. Following this we will have a virtual meeting to determine final plan. 3. Exercise Plan Region 6 800 MHz Drill schedule is posted on the regional website. Triage Tag Day will be discussed with EMS and Hospital groups, schedule will be determined. MICIMS is completed already. 	<p>Luke will work to get this scheduled.</p>	<p>Luke Aurner</p>

	<p>Training and Planning is covered monthly by meetings. Mental Health TTX will be done virtually. Special Pathogens Exercise, requesting special funding to be able to complete this, need to determine priority of getting this done. MI Request drill may not need to be done because share point may be going away. Surge test can be done virtually, going to work on planning this. MCI Exercise is being done with the airport in Grand Rapids. Pediatric Disaster Exercise is being done in September with state/regional group.</p>		
<p>Round Table</p>			
<p>Adjourn</p>	<p><i>Next Meeting: September 3rd, 2020 –Via Teams</i></p>
